Retail, Non-Profit, Warehouse

PROJECT SIZE

160,000 SF

COMPLETION DATE

2017

In collaboration with Goodwill Industries of the Southern Piedmont, Workplace Architecture + Design undertook a comprehensive initiative to deliver LEED consultation services. This encompassed administration and guidance throughout the project lifecycle, ensuring adherence to the standards set forth by the US Green Building Council's (USGBC) LEED rating system. From initial assessment to final certification, Workplace Architecture + Design played a pivotal role in orchestrating the facility's journey towards LEED accreditation. By leveraging expertise in sustainable design practices and navigating the intricacies of the certification process, the team facilitated the implementation of environmentally responsible strategies and technologies. This commitment to sustainability underscores Workplace Architecture + Design's dedication to creating spaces that not only enhance operational efficiency but also minimize environmental impact.
