

Coworking Flywheel - Concord

LOCATION

Concord, NC

SERVICES

Interior Design, Furniture
Specification, Architecture,
Programming

PROJECT TYPE

Historic, Coworking, Office,
Innovation Center

PROJECT SIZE

19,811 SF

COMPLETION DATE

2020

In March 2021, Flywheel expanded its presence, launching its third location in Concord, covering the Carolinas. Flywheel Coworking fosters a community of dedicated individuals striving to grow their businesses. The facility offers startup acceleration programs and opportunities for early-stage investment participation. The Social Commons serves as a hospitality-inspired space for members, coaches, and partners to connect. The design honors the historic character of the former Cabarrus Savings Bank, allowing its essence to shine through. Spanning approximately 20,000 square feet, the space provides small office suites, coworking areas, event space, seminar rooms, meeting rooms, and various amenities, catering to diverse professional needs.
