Workplace Architecture + Design (Workplace A+D) collaborated with National General Management Corporation's NGIC Insurance business unit on a Tenant Improvement project covering about 11,750 Gross Square Feet in Milwaukee, WI. Serving as the primary liaison, Workplace A+D offered comprehensive architectural, engineering, and interior design services, managing the project from inception to conclusion. Alongside our longstanding client, Workplace A+D facilitated full-service Architecture, Interior Design, and Project Management, overseeing the design team, scheduling, and reporting to NGIC. This partnership ensured seamless coordination and successful execution of the project objectives.
