Education

PROJECT SIZE

111,200 SF

COMPLETION DATE

2015

Workplace A+D (Workplace) assumed the role of Project Manager for Cornerstone Charter Academy, overseeing the overall design requirements, project budget, schedule, and building commissioning plan for the projects at 7800 Airport Drive. Acting as a liaison between the Architect, General Contractor, and Owner's Vendors, Workplace ensured successful project execution aligned with Cornerstone Charter Academy's criteria. The project comprised the renovation and adaptive reuse of a four-story, 87,000 sq. ft. office building into K-12 Classroom space, the construction of a new 12,000 sq. ft. single-story gymnasium facility, and the addition of athletic ballfields to the site master-plan. Coordination and collaboration were key in achieving the desired outcomes for Cornerstone Charter Academy.
