PROJECT SIZE

125,000 SF

COMPLETION DATE

After a successful programming phase, Workplace A+D seamlessly transitioned into the role of lead architect and primary point of contact, providing comprehensive Design Services from project inception onward. In this capacity, Workplace A+D adeptly orchestrated the project design team, meticulously overseeing the schedule and providing regular reports to the Core Team. This comprehensive approach guaranteed flawless coordination and communication during the planning stages of the project's cycle.
